A copy of such classification certificate translated in English/Arabic and attested by the competent authority/ministry at country of origin and Qatar diplomatic embassy at country of origin shall be submitted. In the event of there is no such equivalent authority/ministry issuing the classification in their country of origin, any other form of certification/ classification/ client testimonial for specialized works/services issued and endorsed by reputable/competent organization /authority/ board governing the construction industries related and attested by the Qatar diplomatic embassy at country of origin may also be considered. This is also applicable to foreign company’s status who has already had Qatar company registration. Refer 1.1.G below for guidelines for Foreign Company status.
- E.** should these foreign companies be awarded a contract, then they are required to register with MoF by submitting the required relevant documents as stated in Sub-item 1.1.D to MoF before

signing the contract with the Authority. The same rules in Sub-items 1.1 D and E are applied to foreign companies either as single entity or joint venture with a local company.

- F. In case the foreign companies do not have classification certificates from their country of origin then the same rules applicable to local companies as mentioned in Sub-item 1.1 B and 1.1 C above shall be applied.
- G. Guidelines for classifying the companies are available at Qatar Ministry of Finance as following link:
<https://monaqasat.mof.gov.qa/eservices/Account/Login?ReturnUrl=%2feservices%2f>
- H. In case of the tenderer forming a joint venture, the leader of the joint venture shall hold the required classification. A foreign company led joint venture may bid the tender in compliance with item 1.1 D to F.

Tenderer who does not comply with the above criteria shall not be eligible to participate and be disqualified.

Project Description

General Scope of Works

1.2. THE PROJECT

The project Construction of Roads and Infrastructure for the Access Road Leading to Zekreet Qatar Armed Forces (QAF) Camp consists of construction of approximately 7 km of 2-way single carriageway road with associated infrastructure. The location is shown in Figure 1. It is located along the west coast of Qatar within Zone 72 in Al Sheehaniya Municipality.

No	Description	Details
1	Project Name	Construction of Roads and Infrastructure for Access Road leading to Zekreet Camp
2	Location (Zone/Municipality)	Zone 72 in (Al Sheehaniya Municipality)
3	Total Project Area / Length	7 km (approx.)
4	Development Type	Access road and infrastructure works
5	Level of Development	Development of new access road and associated infrastructure works.
6	Accessibility	Through Zekreet Road by connecting Dukhan Highway to Army Camp via Zekreet Village

Figure 1: Project Location

The main objective of this project Construction of Roads and Infrastructure for the Access Road Leading to Zekreet Camp (WA2312) is to construct approximately 7km road network along with appropriate junctions and infrastructure to facilitate access to Zekreet QAF Camp development from Dukhan highway via existing Zekreet road in compliance with relevant standards and as per the requirements

	<p>of Qatar Armed Forces. General objectives include, improving accessibility to tourist attraction, expansion of network capacity, improve traffic flow, increase safety and minimise travel times.</p> <p>The proposed Roads and Infrastructure Works will include the following:</p> <ul style="list-style-type: none"> • Fully paved carriageways • Footpaths/shared paths paved with precast paving block; • Kerblines; • Traffic Signs and road markings • Traffic Signals • Fence / guard rails • Street Lighting • Hardscaping • Surface Water Drainage System / culverts • Structures • Potable water network system • LV/MV network • Telecom infrastructure network; • QAF/ UGN Network • Qatar Energy utility network crossings
Time for Completion	
a) Completion of the Works	The Time for Completion for the whole of the Works (including mobilization) is Seven Hundred and Thirty (730) Calendar Days .
b) Maintenance Period	Four Hundred (400) Days from the Completion Date of the whole Works (receipt of Completion Certificate) for Maintenance Period.
